

Theory of Action

Norfolk Public Schools students will develop their individual potential, maximize skills for lifelong learning, and successfully contribute to a global society. All personnel will intentionally facilitate an environment that supports exemplary and innovative teaching and learning opportunities in every school, in every classroom, every day, for every student — no exception.

Leadership.

Leadership facilitates and maximizes the efforts of all personnel to effectively promote and support teaching and learning.

Literacy.

Literacy is reading, writing, listening, speaking, and thinking critically.

Rigor.

Rigorous teaching and learning opportunities are academically, intellectually, and personally challenging.

Innovation.

Innovation promotes the implementation of emerging and transformational ideas and actions to support teaching and learning.

Granby High Evening School

Granby High Evening School

Granby High Evening School secondary program is designed for students desirous of taking a course for the first time or for students retaking failed courses.

The Adult High School Diploma program enables an adult no longer enrolled in public education to complete the required course/activities to earn an Adult High School diploma, with Granby High Evening School scheduling classes and determining course requirements in accordance with standards established by the state. Each course requires 140 hours of classroom instruction for one credit.

Students attend Monday and Wednesday or Tuesday and Thursday, 4:30 p.m. - 8:40 p.m. Students are expected to attend every class and be on time. Only three absences per semester (six per year) are allowed. Letter grades will be issued at the end of the year. Students may earn one credit for each course passed.

The Individual Student Alternative Education Plan (ISAEP) program prepares qualifying secondary students to earn a high school equivalency (HSE) credential while also developing career and technical skills. The ISAEP program fulfills compulsory attendance requirements for students who are at least 16 years of age and for whom an ISAEP is written.

ELIGIBILITY

A student is eligible for enrollment in the ISAEP program if the student:

- is currently enrolled in a public high school
- is at least 16 year of age
- is at risk of dropping out of school
- is not earning the required number of credits at school
- meet academic entrance requirements
- chooses to prepare for the GED® Tests.

ENROLLMENT REQUIREMENTS

- an initial principal-parents-student (PPS) meeting
- a student evaluation/assessment;
- a 7.5 grade equivalent or higher on a recognized standardized measure of reading test achievement; and
- achievement of a score of 125 or higher on each of the subtests of the four GED Ready™ practice subtests and completion of a career assessment
- a second PPS meeting.
