Turn off Pop-Up Blocker on iPad

Do this for SchoolNet Testing and STAR Testing

It may be required for other tests as well

- 1. Touch the "Settings" app
- 2. Scroll down and touch "Safari" from the menu on the left side of screen
- **3.** Find the "Block Pop-ups" setting and switch to "off" by sliding the switch to the left. Slider turns gray when the setting has been turned off.

This image shows pop-up blocker is set to "On"
